Preface – Author’s Note:

My name of course is Juliette Williams (JW), and my mom’s name is Julie Williams (Dr. J). Yes, you’re right, Dr. Julie Williams is my mom; ta-daa!

This book started as a class project. I’d signed up for a class in Journalism and we were given an assignment. I told my mom I’d love to use her as my interview guest of honor as long as she forgot that I’m her daughter, made no assumptions and remained as objective as possible, while I’d forget she’s my mom and bombard her with scrutinizing questions and try to catch her fumble like a crooked politician. I told her to pick a topic for the interview and she said “Religion.”

“What?” I sneered.

“Ya, Religion. Do you have a problem with that?”

“Why Religion?”

“‘cause I agree with Lucie Goodman that ‘Religion is a Fraud.’”

“Who’s Lucie Goodman?”

“Never mind.”

We had about 80% fun; the other 20% had to do with mom’s pain while going down the memory lane of her childhood, in addition to lamenting the deplorable amount of misery in the world today. But I saw a completely different side to mom that made me wonder if I truly knew her, if she’s the same woman I’d shared a roof with all my life. I know mom kind of ‘acts crazy’ sometimes, but to find out that she also ‘thinks crazy’ most of the time was mind-blowing. Prior to this time I’d never heard words or names like ‘Illuminati’ or ‘Lucie Goodman,’ but my interview with mom was quite revealing, very informative, and incredibly educative. And I shall gladly never be the same again! Enjoy!

Letting Go of God 1.0

August 2nd, 2012.

To Whom It May Concern:

RE: Letting Go of God 1.0 – The God of Religions.

Oh God of religions, effective yesterday, you're fired! If you're still lingering in our lives you shall be escorted out by the security guards and watch-dogs.

Be it known to everyone that God 1.0 no longer works on, or governs this planet. He and his religions have been exposed for what they really are – a fraud! He's been deposed, tried, found guilty and sentenced to spend the rest of eternity in the ugly hell he created, and in the company of all the billions of innocent but misguided people he ingloriously sent there.

To be totally off his hook, it is critically important that you uninstall him, delete him, get rid of him and completely flush him out of your lives, your brains and minds once and for all, for the greater good and freedom of mankind. Anyone still loyal to him by praying to or worshiping him will be considered 'one of them.'

**We present to you the new and improved God 2.0 – You,
The real almighty ever-loving and truly caring God.
Enjoy your freedom and Godhood!**

Sincerely Yours,

– *Juliette Williams & Dr. Julie Williams.*

If God didn't want us to have sex,
why did He create it?

The only Holy Communion worth taking is
unanimous safe sex,
lots of safe sex between lovers.

ANY two or more consenting adults could have and
enjoy safe sex together, irrespective of their gender and
age.

The same goes for marriage.

People smoke to get high,
People drink to get drunk, and
People are attracted to each other for sex.

**Sharpen the swords, light the fire,
Kill them all, says religion.
Burn down the cities like Sodom and Gomorra,
Flood the world with water like Noah's time, says their God.
Annihilate all, especially women and children, says religion;
Commit these atrocities to prove your loyalty, says their God.
Shame on them both, says me!**
